

OSCjunction

v. 0.1.2

# List of Servers

Select a server and click to connect.  
To connect to a different you will have to restart this application.

Refresh List

**Node 1**  
  
Primary node. Be gentle, be kind. Try not to spam this channel with messages. This node should stay stable and responsive.

ID: node-1  
Up since: 20.10.2020 - 11:07  
# Junctions: 7  
# Connected: 1  
# Messages: 407.03 k  
Avg Client  
RTT: 104 ms

**Node 2**  
  
Secondary node. Use this if the primary node is offline or crowded.

ID: node-2  
Up since: 20.10.2020 - 11:08  
# Junctions: 5  
# Connected: 0  
# Messages: 0  
Avg Client  
RTT: n/a

**Remote Teaching Node**  
  
Should only be used in teaching (e.g. scsynth broadcasting)

ID: teaching-1  
Up since: 20.10.2020 - 11:08

Welcome to OSCjunction!

OSCjunction

v. 0.1.2

**Node 2**  
  
Secondary node. Use this if the primary node is offline or crowded.

ID: node-2  
Up since: 20.10.2020 - 11:08  
# Junctions: 5  
# Connected: 0  
# Messages: 0  
Avg Client  
RTT: n/a

**Remote Teaching Node**  
  
Should only be used in teaching (e.g. scsynth broadcasting)

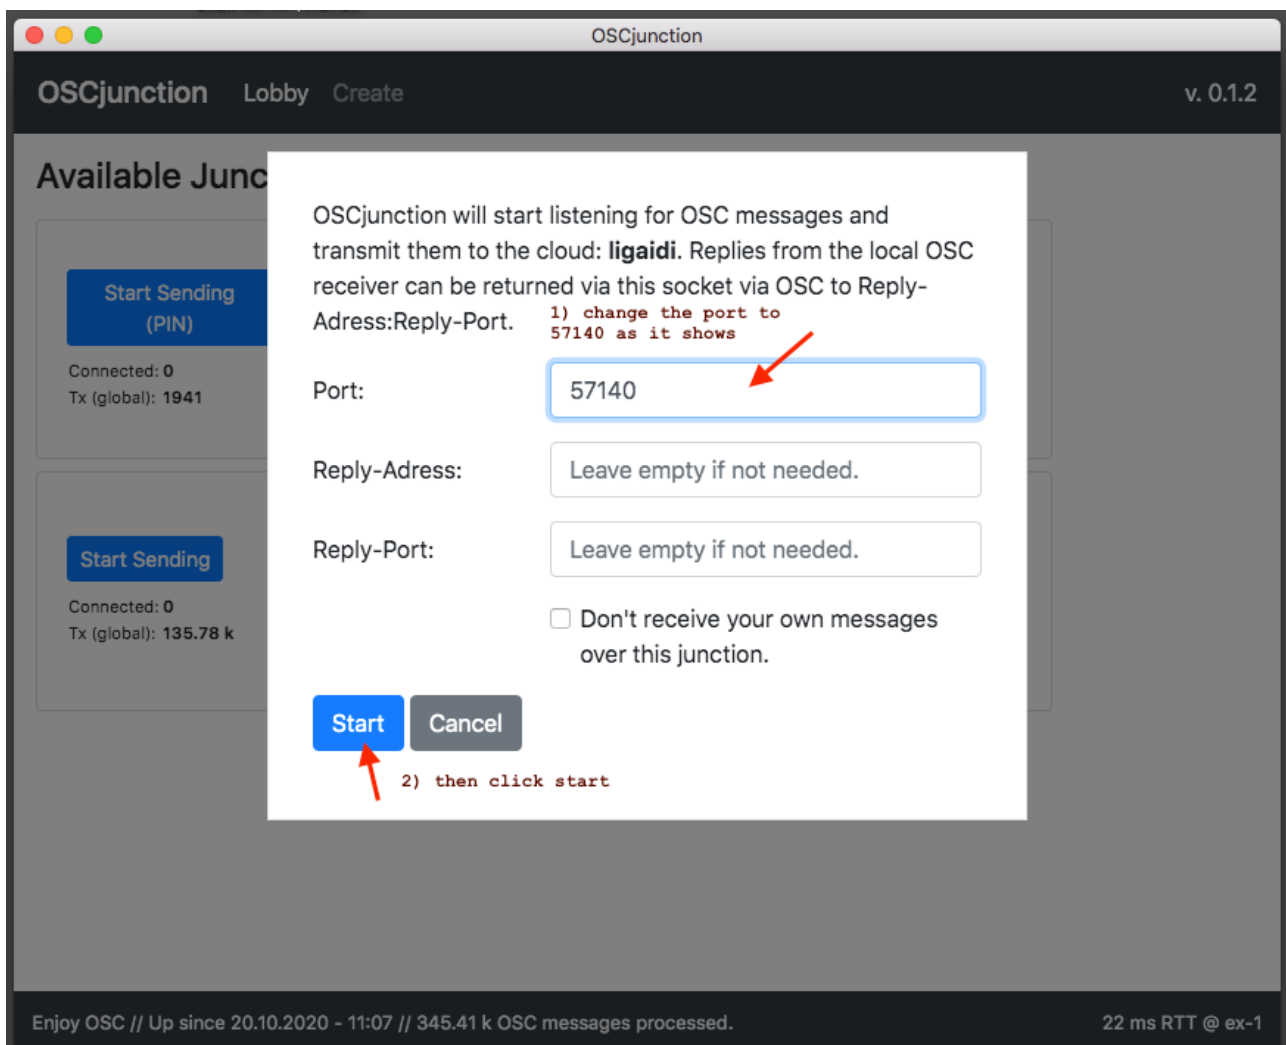

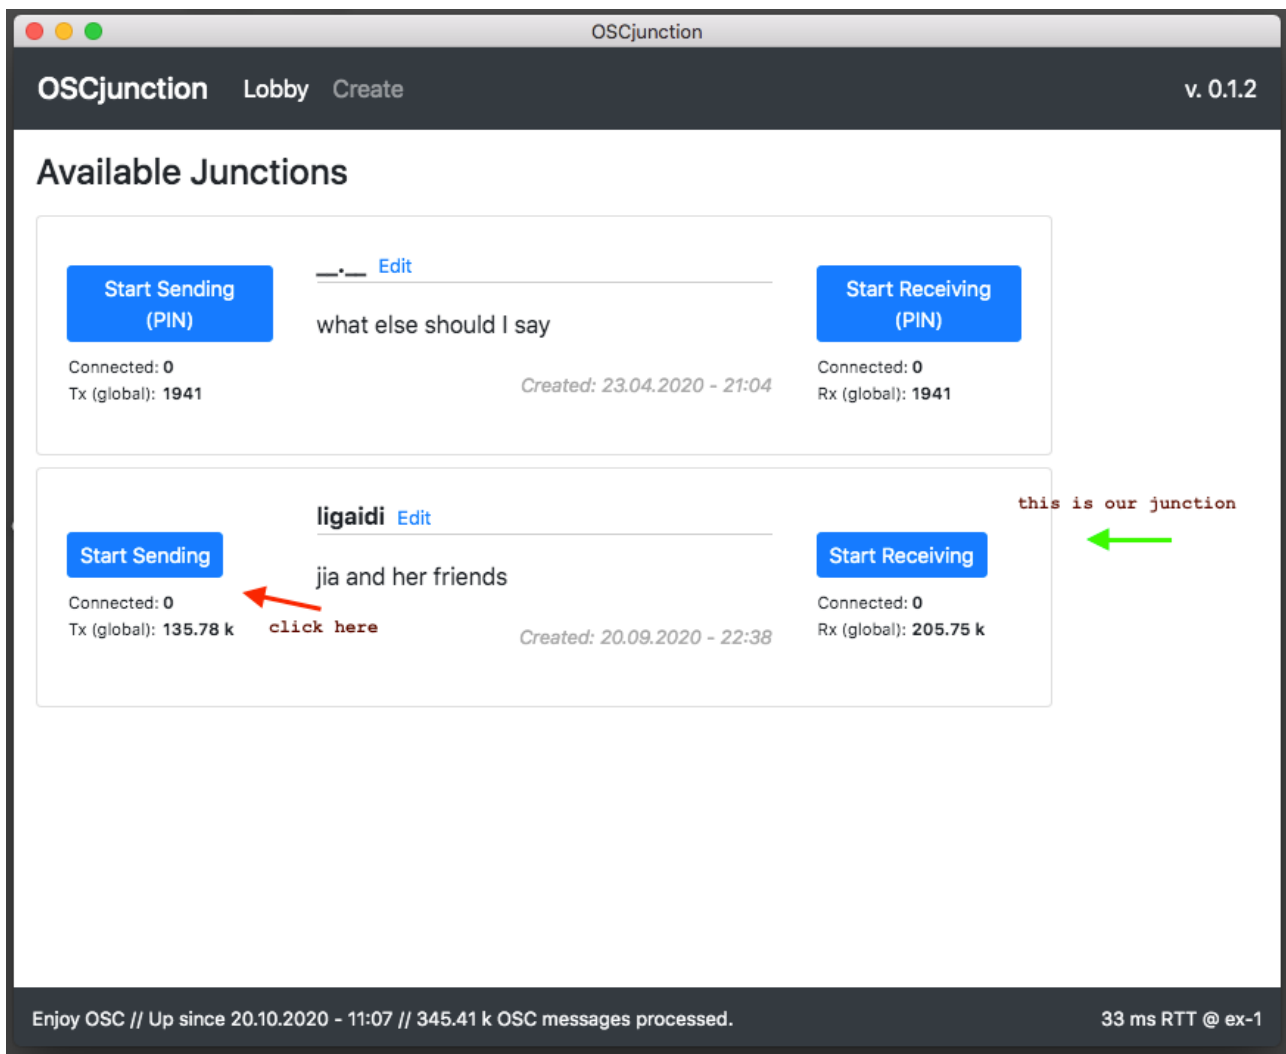

ID: teaching-1  
Up since: 20.10.2020 - 11:08  
# Junctions: 0  
# Connected: 0  
# Messages: 0  
Avg Client  
RTT: n/a

**Experimental 1**  
  
Use this node to experiment; especially when using high frame rates. This node is not encrypted/proxied which can potentially improve latency.

ID: ex-1  
Up since: 20.10.2020 - 11:07  
# Junctions: 2  
# Connected: 0  
# Messages: 345.41 k  
Avg Client  
RTT: n/a
